1. Go to: <https://citrix.ggh.co.nz/Citrix/GoughGroupWeb/>
2. Click on **Detect Receiver**

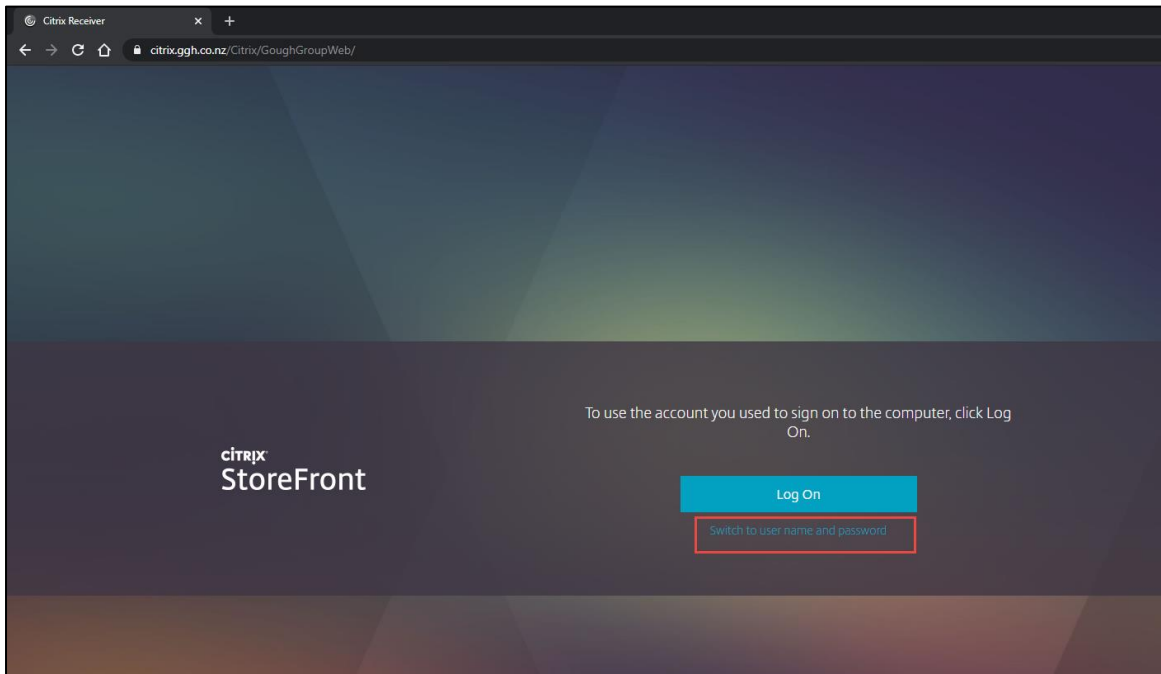

If you don't have Citrix receiver already, it will give you the option to download once it has detected no receiver

3. Click on **Open Citrix receiver launcher**

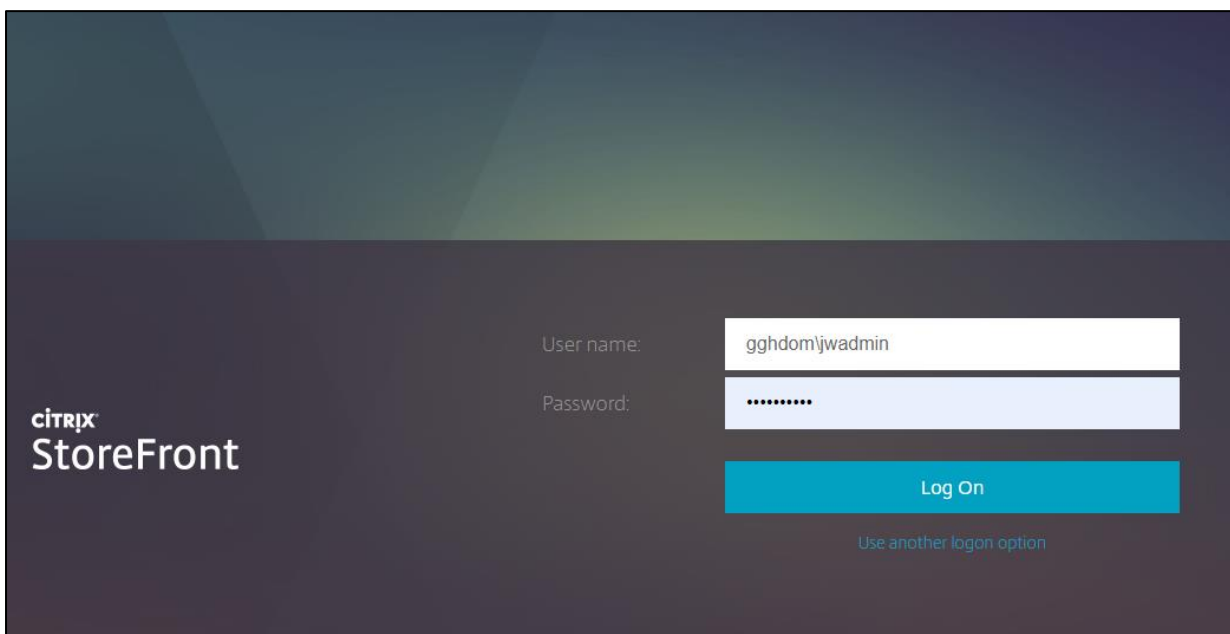

4. Click on **switch to username and password**

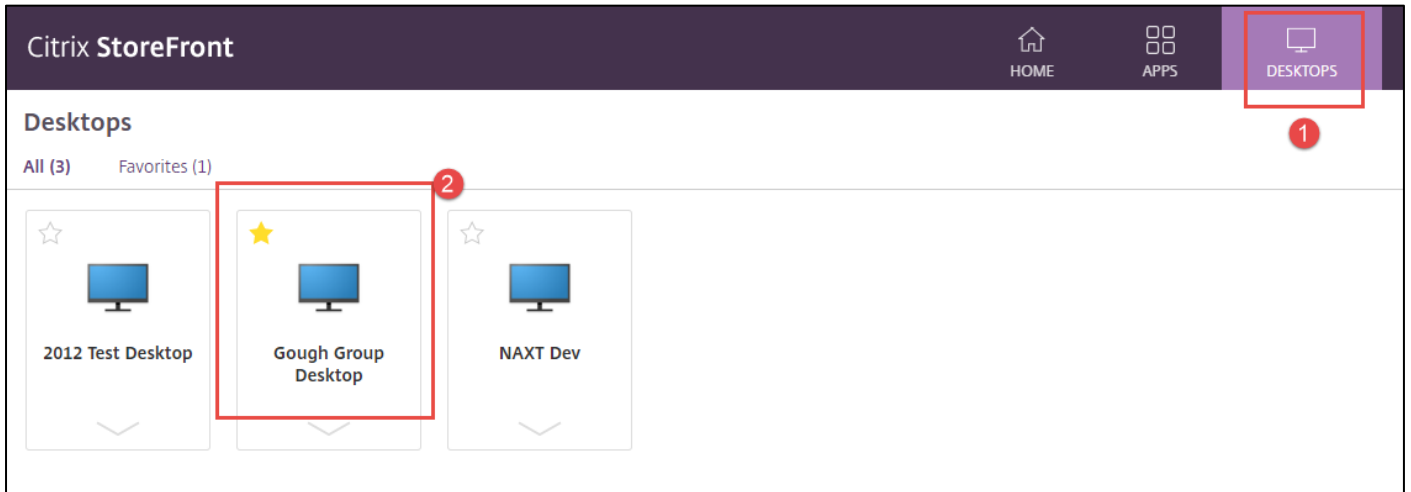

Username: gghdom\\*YourUsername\* (Usually your first name followed by the first letter of your last name)

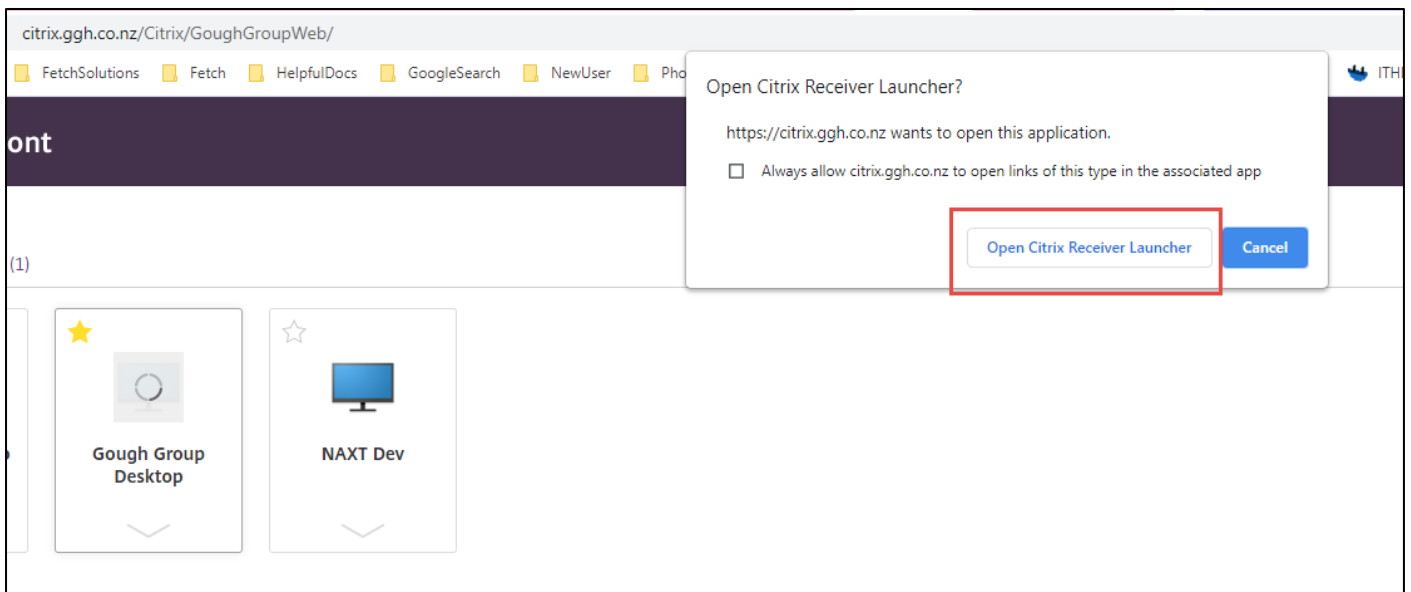

Password: \*YourComputerPassword\*

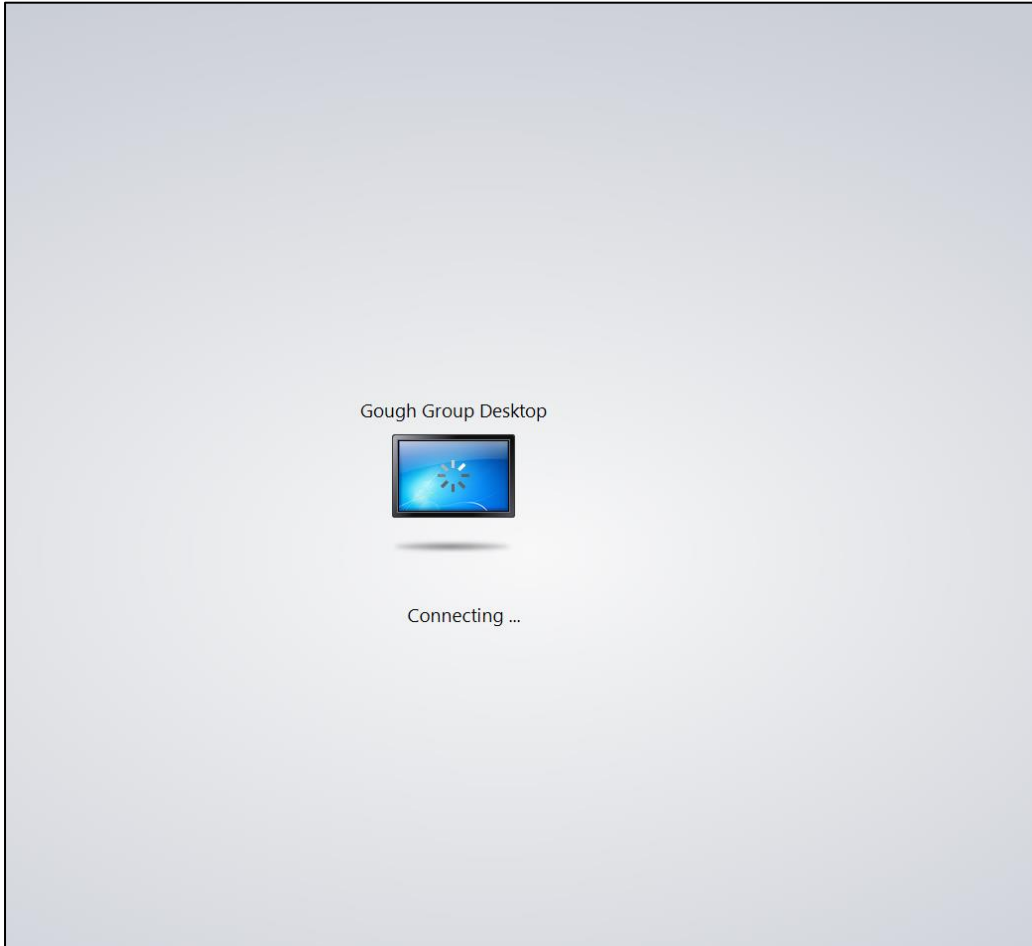

- Go to the **desktops** area and click on **Gough Group Desktop**

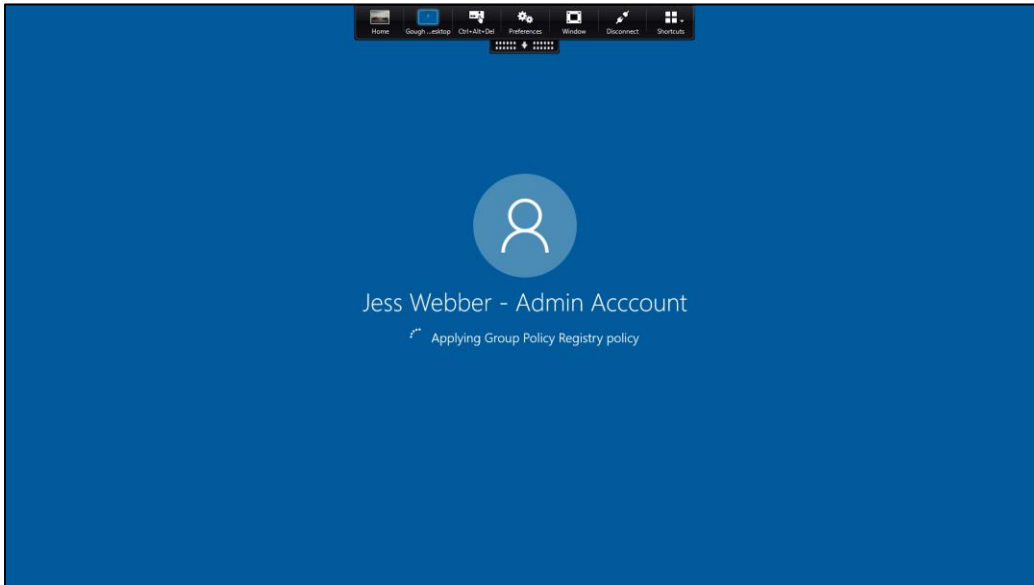

- Click on **Open Citrix receiver launcher**

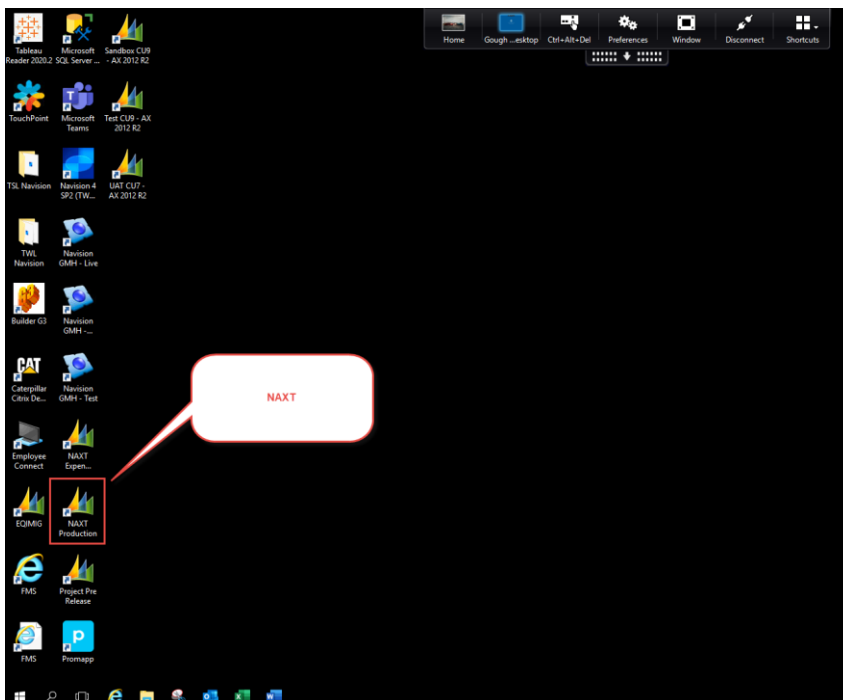

7. Now the Gough Group Desktop should start to connect and sign you in

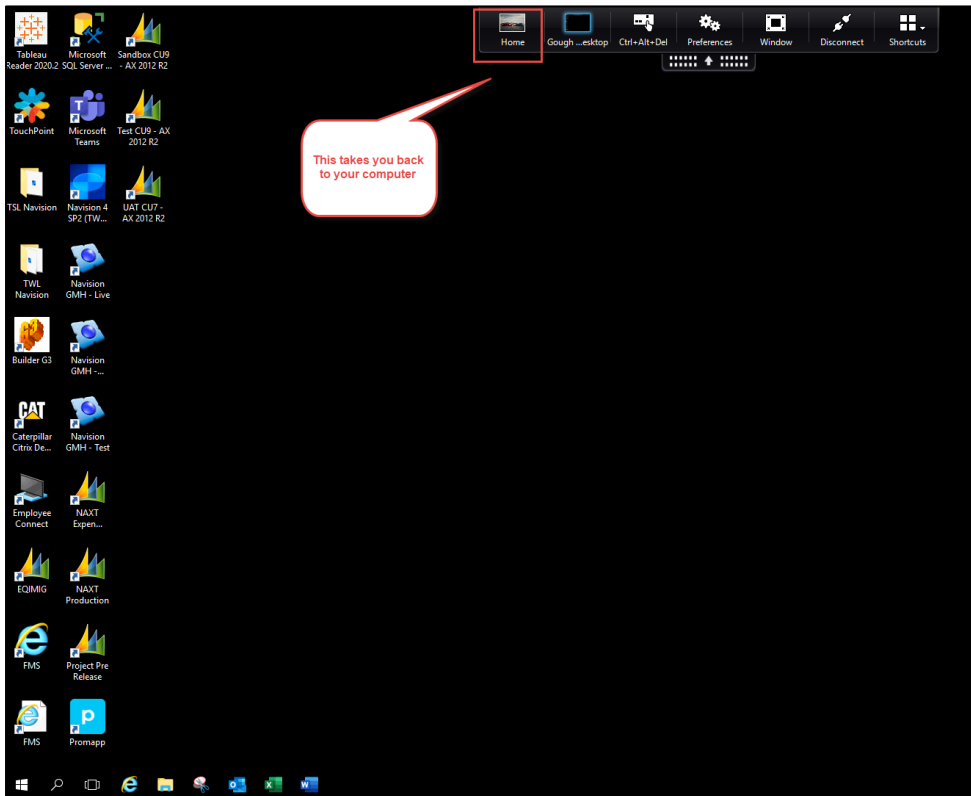

8. NAXT production icon should be on the desktop – double click on this

9. To get back to your computer > click **home** at the top

10. To sign out, click on the windows logo on the bottom left > right lick on the person icon > sign out
